

LET YOUR IDEA MEET OUR PASSION  
AND OUR CRAFTSMANSHIP

Orranäs Glasbruk was founded in 2017. We cherish traditional craftsmanship combined with modern design and high artistic quality.

On historic land, in Orrefors in the heart of the Kingdom of Glass, we are now rebuilding our glass studio, which will be ready for the 2024 season. All our glass is manufactured here - in harmony with the environment and the local community around the studio.

## Let your idea meet our passion and craftsmanship!

Do you have an idea that you want to realize in glass? Bring us your idea!

Glass is a magical material, where the heat and the malleability during manufacturing solidifies into the brittleness and beauty of the finished product. Our glass master and manager Amy Krüger, together with the skilled team in the studio, can bring your idea to life in a unique way. Perhaps you've been thinking about a custom-designed candle holder or a glass series for a restaurant? A sculpture? A personalized gift for your customers or your employees?

Welcome to our glassworks!
